

PV-ZERO Pressure/Vacuum Vent Valve

The EBW™ brand PV-ZERO pressure/vacuum vent valve provides an innovative solution for tank venting needs. The patented liquid trap design utilizes vapor pressure to provide positive and negative pressure relief of an underground storage tank. The stainless steel design allows the PV-ZERO to be compatible with both gasoline and E85.

Tank Vacuum

Atmosphere

Tank Pressure

Highlights

- Installed, serviced and tested from ground level eliminating the need for ladder or costly boom truck.
- Liquid-based pressure and vacuum venting system with no leak rate.

Ordering Information

Model	Description
407215901	PV-ZERO pressure/vacuum vent valve, 3" NPT, gas and E85
407225901	PV-ZERO test cap assembly, gas and E85
407220001	PV-ZERO gas/E85 fluid

Note: May require four to eight week lead time. Consult factory for availability.

Specifications

- Construction: Stainless steel
- Weight: 37.65 Lbs
- Body height / width: 27.92" / 5.13"

Approvals

- Stage I EVR approved to VR-101, 102, 103, 104, 105, 301, and 302 for use with gas and E85.
- UL 842 listed.
